

Bar Code Scanning is now available at [shepherdelec.com](http://shepherdelec.com)!

Simply tap the bar code icon in the search bar or quickpad entry to allow the website access to your camera (phone or webcam) and allow the scanner to capture the desired bar code.

11 and 12-digit UPC (UPC-A), 13-digit EAN (EAN-13), and Code 128 types are supported. (Note: ITF-14, AKA 'Shipping Box' codes are not currently supported).

This feature is perfect for faster stock-reordering as well as quick look-ups in the field!

Try it below! (CLICK HERE TO GET TO THE SITE)
